Dear Dr. Eno Mondesir:

As a newly appointed Haitian-American judge abundant in drive and motivation, I am eager to utilize my talents in order serve a broader spectrum of the Haitian community. I thank God for the opportunity HAU bestowed upon me to share in the Bicentennial Gala in Boston. I must applaud you for your efforts to effectively unite the Haitians in Boston in order to create a positive change in the way we mobilize and are perceived, specifically in Massachusetts and through out the country.

Clearly, HAU has a commitment to excellence and the ability, with you as the chair, to make a difference. Please consider me a lifetime friend to the Organization and I welcome the opportunity to be of any service to further the goals and mission of HAU.

Thank you again for making my attendance on January 3rd a reality. May God continue to bless you, the members of your board, and HAU with success, etcetera.

Very truly yours,

Sybil M. Elias
